Environmental & Sustainability Opportunities

DePauw University
February 13, 2019

JOB OPPORTUNITIES

The Environmental Jobs Bulletin
A source for the most current jobs in engineering, science, policy, energy, and more.

Orion Magazine
"The Grassroots Jobsource that connects the leaders of tomorrow with good work today."

Environmental Leadership Program Job Board
The mission of the ELP is to support visionary, action oriented, and diverse leadership for a just and sustainable future.

Linkedin
Green Jobs & Career Network
You must request permission to join.
Green Jobs & Career Network Facebook Page

The AASHE Bulletin – The Association for the Advancement of Sustainability in Higher Education

FoodCorps
Click the link above to access open positions.
FoodCorps is a nationwide team of AmeriCorps leaders who connect kids to real food and help them grow up healthy.

American Council for an Energy-Efficient Economy (ACEEE)
The ACEEE is a nonprofit organization that acts as a catalyst to advance energy efficiency policies, programs, technologies, investments, and behaviors. Click the link above for jobs and internships with ACEEE as well as job listings with other organizations.

Silent Springs Institute
Silent Springs Institute is hiring at all levels, including research assistants and internships. Check out the link.

US Composting Council Job Board

World Resources Institute (WRI)
– Andrew Maddocks ’11 works at WRI in Outreach and Development, Aqueduct
Job Listings

EPA – United States Environmental Protection Agency
Click the link above to check out opportunities with the EPA

LA Cleantech Incubator (LACI)
Multiple job opportunities listed.

Department of Environmental Equality
Oregon
Multiple job listings.

The Nature Conservancy
Multiple job and internship listings.
DPU alum Nathan Cummings ’12 works at the national Nature Conservancy in DC.

National Outdoor Leadership School (NOLS)
Multiple job and internship listings.

Resources for the Future (RFF)
Looking for Research Assistants, applicants should have a master’s or bachelor’s degree in economics, engineering, natural sciences, mathematics, or a related field.

Positions with GHD
GHD is one of the world’s leading professional services company operating in the global markets of water, energy and resources, environment, property and buildings, and transportation. For more information, interested students can contact envfellows@depauw.edu to connect with a DePauw alum that works for the company.

Brendle Group
The Brendle Group is an engineering and planning firm focused on helping clients solve complex problems while creating lasting impacts for sustainability.

Ascend Indiana Internships
Ascend is a non-profit organization partnering with the Hubbard Center to directly connect DePauw students to job + internship opportunities in Indiana. Our partners include 50+ employers across sectors ranging from The City of Indianapolis to Anthem, to all 4 major hospital systems. Apply here.

NRCS Jobs

Visit usajobs.gov and search NRCS for openings across the country. Full time jobs and internships are available.

Indianapolis Zoo
Indianapolis Zoo is has multiple job and volunteer opportunities.

EnterSolar
Creating a trusted, single source for corporations looking to advance towards clean energy. Possible internships may be available with EnterSolarEDU, which works closely with educational institutions to provide energy solutions and partner with schools to enrich their green curriculum.

Resources for the Future (RFF) - NEW
Resources for the Future has an opening for a Research Assistant. BA or MA in economics, public policy, and related fields welcome. Looking for writing, Stata, and GIS skills. RFF is a great place to be an RA if you are interested in environmental and natural resource economics and policy. Also, great work environment with lots of collaboration with senior staff and other RAs.

VOLUNTEER OPPORTUNITIES

Putnam County Soil and Water Conservation
Looking for students interested in volunteering with outreach education on conservation in Putnam County, Indiana. Topics include: water quality, invasive species, land management, soil health, and pollinators. The majority of the work would be at schools, but could be at the public libraries, farmer's markets and various other localities in Putnam County. Volunteers should be willing to work with K-12, and pass background check if working in schools. Training and materials will be provided. Once a month time commitments would be ideal. Please contact envfellows@depauw.edu for more information.

Citizens' Climate Campus Leader
Citizens' Climate Education is seeking students who want to be change makers to join the #PutaPriceonIt campaign and activate young people on climate change. Applicants must be willing to commit at least 5 hours a week and one academic semester, and have either prior leadership experience or prior CCL experience. Apply here.

INTERNSHIPS - Semester

Check out Handshake for more opportunities or contact the Hubbard Center. Chris Klein - christopherklein@depauw.edu (Assistant Director for Off-Campus Internships)

Orion Magazine
"The Grassroots Jobsource that connects the leaders of tomorrow with good work today." Check out available internship opportunities.

Second Nature
Boston, MA

Smithsonian Associates Internships
Washington D.C.

OFF-CAMPUS STUDY

Check out Horizons for more opportunities.
Mandy Brookins - mandybrookins@depauw.edu (Director of Off-Campus Study)

School for Field Studies (SFS)
SFS offers Financial Aid for most programs

Australia/New Zealand: Rainforest Studies

Bhutan: Himalayan Environment and Society in Transition

Cambodia: River Ecosystems & Environmental Ethics

Costa Rica: Sustainable Development Studies

Panama: Sustainable Development Studies

Patagonia: SFS Center for Climate Studies
The Coastal Climate Change in Patagonia program will take field excursions to some of the world's most massive glaciers, visit the renowned Torres del Paine National Park, explore the rich biodiversity of the Strait of Magellan and fjords, glimpse the gaucho and baqueano way of life, as well as visit neighboring Argentina.

Peru: Biodiversity and Development in the Amazon
EF Angie Mendez '20 studied off campus in Peru during the fall of 2018 and EF Claire Mohney is currently in Peru with SFS.

Tanzania: Wildlife Management Studies

Turks & Caicos: Marine Resource Management Studies

SIT World Learning
Australia: Sustainability and Environmental Action or Rainforest, Reef, and Cultural Ecology
Cities in the 21st Century: Explore Social Justice in Urban Environments
EF Antoinette Huber '19 participated in this program - Spring 2018.

Ecuador: Comparative Ecology and Conservation
EF Rafael Robert '19 participated in this program - Spring 2018.

IHP: Climate Change: The Politics of Food, Water, and Energy

India: Sustainable Development and Social Change

Madagascar: Biodiversity and Natural Resource Management

Mongolia: Geopolitics and the Environment

Panama: Tropical Ecology, Marine Ecosystems, and Biodiversity Conservation

Tanzania: Coastal Ecology and Natural Resource Management or
Wildlife Conservation & Political Ecology

The Philadelphia Center (TPC)
This program offers you the opportunity to gain college credit while living and learning independently in Philadelphia. With our help, you will secure a professional, accredited internship and housing in the city. You will explore career paths through real-world applications and rigorous seminar-style courses. Upon completion of the program, you will leave Philadelphia with a strong sense of your abilities, social and professional aspirations, and a plan for your future.

IES Abroad
Environmental Studies and Sustainability in Freiburg, Germany
EF Xiaoli Magary '20 studied in Freiburg, Germany with IES during the fall of 2018.

ISDSI
International Sustainable Development Studies Institute in Thailand
This program is now approved by DePauw.

EuroScholars
A unique research abroad program designed for undergraduates looking of r an international research experience. Students conduct research at one of the 7 internationally renowned European Research Universities. Students have the opportunity to undertake one course in the classroom tnd then work under the direct supervision of professors and other academic staff on a specific academic research project chosen by both the student and the faculty.

Institute for Field Education (IFE)
A European non-profit educational institute with semester long programs in France, Belgium, and now Spain. IFE's field study and internship programs are built around field research conducted on-site in a full-time internship. Programs are based in Paris, Strasbourg, Brussels, Andalucia, and Asturias. Students need at least 4 semesters of French or Spanish. Environmental Fellow Kiara Goodwine '19 spent a semester in Brussels with IFE.

DIS Study Abroad in Scandinavia
Programs in Copenhagen and Stockholm with diverse core course offerings including Environmental Science/Studies, Sustainability, Public Policy, Urban Studies, International Affairs, Public Health, and more. Courses and field studies focus on comparative studies, taught by practitioners and faculty, with opportunities for research. EF Danielle Smith '19 spent a semester in Copenhagen - Fall 2017.

The Umbra Institute: Food and Sustainability Studies Program
Perugia, Italy
An interdisciplinary approach to the study of food and sustainability, to discover how the individual, the community, and society relate to food in Italy and beyond.

University of Hawai'i-Manoa

Honolulu, Hawaii
Focus your study on environmental planning, land use, coastal resources, etc. through the Department of Urban and Regional Planning.

Stony Brook University
Research opportunities and courses are available with Dr. Wright – winner of the Indy Prize and DPU guest speaker. You may contact alum Megan McCann '17 who participated in the semester-long study abroad program for more information (email envfellows@depauw.edu to connect with her). This program is not currently approved by DePauw.

The Alliance for Global Education
India
Research or internships in social science or clinical research with faculty or NGO's are available along with classroom coursework. This program is not currently approved by DePauw.

Woods Hole Oceanographic Institution
Woods Hole, MA
A semester-long program for advanced undergraduates majoring in science, engineering or mathematics that features a significant, for-credit research experience. The program is particularly well-suited for students who are planning to obtain an advanced degree in ocean sciences, ocean engineering, or related fields in the geosciences. This program is not currently approved by DePauw.

Gustolab International Institute for Food Studies
Food in Italy: Sustainable Markets, Products and Processes
If you have any questions, or to request an application, please write to info@gustolab.com. Environmental Fellow alum Cullen Hunter '17 participated in two courses during the summer of 2016 in Rome and would be happy to discuss the program. Email envfellows@depauw.edu for Cullen's contact information. This program is not currently approved by DePauw.

POST GRAD OPPORTUNITIES

AmeriCorps
AmeriCorps engages more than 75,000 Americans in intensive service each year at nonprofits, schools, public agencies, and community groups across the country.

Change Corps
Change Corps is a paid, one-year full-immersion training program in grassroots organizing.

Civic Spark

A Governor's Initiative AmeriCorps program dedicated to building capacity for local governments to address climate change is now recruiting members. Member applications are accepted on a rolling basis.

FoodCorps
FoodCorps is a nationwide team of AmeriCorps leaders who connect kids to real food and help them grow up healthy.

Green Corps
Green Corps runs a full year paid training program for college graduates that combines intensive classroom training with leaders in the environmental movement and field placement working on urgent environmental issues with organizations like the Sierra Club and Food & Water Watch.
- Laura Stevens '07 participated in Green Corps ('09-10) and now works for the Sierra Club in Oregon. Contact envfellows@depauw.edu to connect with her if you're interested in talking with someone that has experience with the organization.

2019 Aldo Leopold Foundation Fellowships

US Department of DOE Scholars Internship Program
Appointments are available for a variety of disciplines at participating DOE facilities nationwide. Available to undergraduate, graduate, or postgraduates.

Post-Landfill Action Network (PLAN)
PLAN is a nonprofit, cooperative network of student leaders who are creating zero-waste solutions in their campus communities.

Higher Education Research Experiences (HERE) Program
Oak Ridge National Laboratory (ORNL)
Opportunities for qualified students and recent graduates to participate in research and technical internships. Stipends based on academic status. Application is always open and selection may be made year-round; apply here today.

Turtle Trax
Internships with the opportunity to get involved with sea turtle conservation, hands-on volunteer work, community projects, and locally based tourism -available to undergraduates and recent graduates.

EnFocus
EnFocus is an ESTEEM (Notre Dame Master's Program) spinoff that recruits recent college graduates to accept one-year paid Fellowship positions that work with South Bend community development initiative or work on kick-starting their own entrepreneurial endeavors.

GRAD PROGRAMS

Institute for Broadening Participation (IBP) Resource
355 Different Graduate Programs in STEM

M.S in Public Health
Focused on Food Systems for Health
Cornell University

M.S. in Urban Resilience Design and Management
The program is a 1 year Master's Degree hosted by the Universitat Internacional de Barcelona UIC, involving experts and professors from more than 20 universities, and supported by the most prestigious international networks, agencies and multilateral organizations working on urban resilience and sustainability.

M.S. in Sustainability
St. Louis University

Portland State University - NEW
Opportunities to focus on environmental justice issues concerning water. Applicants may investigate issues of gender, race, and class around water including flooding, clean water access, water conflicts, etc. Applicants have the option of applying for a Masters in Science, Masters in Environmental Management, Professional Science Master, or PhD in the School of the Environment. Click here for more information about the research.

Graduate Student Research Assistant Position (Masters or Ph.D.) - NEW
Center for Systems Integration and Sustainability (SCIS) in the Department of Fisheries and Wildlife
Michigan State University
The graduate student selected will have the opportunity to develop research related to the broad topics of fisheries governance and sustainability, fish trade, and/or food security and interact with local, regional and global policy organizations such as the Michigan Department of Natural Resources, The Great Lakes Fishery Commission and The United Nations Food and Agriculture Organization. Interested individuals man contact Dr. Abby Bennett benne592@msu.edu.

Rosenstiel School of Marine and Atmospheric Science
University of Miami
EFP alum Madeline Piscetta ’17 is currently pursuing a Master of Professional Science in Marine Conservation and would be happy to connect with students. Please contact envfellows@depauw.edu for more information.

M.S. or Ph.D.
Hilis Lab in the Human-Environment Systems Center (HES)
Boise State University
The HES research group will be accepting a cohort of four PhD students for a team-based research project focused at the intersection of energy, enviromet, and society in the western US. Funding is available for up to four years. Applications will be accepted beginning on November 15, 2018 and continue until the positions are filled. - NEW

Ph.D. or Master's Student Research
Virginia Tech
Funded graduate research opportunity to be part of a team designed to investigate what techniques work best in environmental education. Contact mjstern@vt.edu for more information.

Project Dragonfly Global Field Program
Miami University
Master's degree and international graduate courses. Graduate tuition for all programs is greatly reduced because of support from Miami University.

M.S. in Environmental Science
Villanova University, Pennsylvania
Research undertaken by faculty and MSES students spans these disciplines.
Deadline: March 1, 2019 to be considered for graduate assistantships (including tuition and stipend)

international Master of Environmental Policy (iMEP)
Duke Kunshan University

The Ohio Sate University – Aquatic Ecology Laboratory
Columbus, OH

Grand Valley State University, MI
Annis Water Resources Institute

College of Agriculture, Food, and Natural Resources
University of Missouri

MS Environmental Biology Program
Regis University

Masters in Sustainable Water Management
Tufts University
Institute of the Environment

Master of Science in Water Resource Policy and Management
East Central University

North Carolina State University
Graduate programs available in: Agricultural and Resource Economics, Biological and Agricultural Engineering, Climate Change and Society, Crop Science, Environmental Assessment, Environmental Engineering, etc.

University of Hawaii at Manoa

Climate Science and Solutions Professional Science Master's
16-month, non-thesis interdisciplinary program
M.A. Sustainable Communities
M.S. Environmental Science and Policy (ES&P) - NEW
Applications are invited for a position in the Master's ES&P in the School of Earth and Sustainability that will work on an ongoing project that examines the socioecological effects of non-agricultural tree planting by landowners in rural Costa Rica. Click here to read more about the project. Interested applicants should send an email addressed to both Kerry Grimm (kerry.grimm@nau.edu) AND Clare Aslan (clare.aslan@nau.edu).
School of Earth Sciences and Environmental Sustainability.
Northern Arizona University

Human Dimensions of Natural Resources – M.S. or Ph.D. Level
Colorado State University

Master's Degree in Greenhouse Gas Management and Accounting (M.G.M.A.)
Colorado State University

SPEA – The School of Public and Environmental Affairs M.P.A. M.S.E.S. M.P.A.-M.S.E.S.
Indiana University –Apply by the early deadline and SPEA will cover the application fee for DePauw students.
DPU students who receive a "B" or better in a senior seminar in Economics, Political Science, Biology, Chemistry, Management Fellows, or Environmental Fellows will receive a 3-credit hour reduction toward the corresponding SPEA Master's degree program, effectively reducing a 48-credit hour degree to a 45-credit hour degree.

Center for Environmental Policy
Bard University
Offers Master's degrees through their Graduate Programs in Sustainability.
The Bard Center for Environmental Policy (CEP) located at Bard College in New York, Hudson's Valley offers M.S. degrees in Environmental Policy and Climate Science and Policy .
M. Ed in Environmental Education

The Bard M.B.A. in Sustainability located in downtown NYC is one of a select few graduate programs globally that fully integrate sustainability into a core business curriculum.
The LIASE Scholarships (Luce Initiative for Asian Studies and the Environment) provide a tuition waiver for students attending graduate school of up to 100% in the first year, and at least 50% of tuition in the second year. LIASE Scholarship applicants must be citizens of one of China, Japan or South Korea, and must have a demonstrated interest in environmental policy in their region. An additional, full-ride scholarship is available for Tibetan speaking students.

M.E.S. Master of Environmental Studies
Evergreen State College, Olympia, WA

Program on Science, Technology and Society (STS)
Harvard Kennedy School

College of Agriculture, Food and Environment
University of Kentucky

MS in Agricultural, Environmental, and Sustainability Sciences
University of Texas Rio Grande Valley School for Earth, Environmental, and Marine Sciences

Environment and Society Fellowship
Department of Geography and Environmental Systems at UMBC
Fellows will receive one year of departmental support, which includes full living stipend, health insurance and full tuition remission. Fellows will also receive up to an additional four years of full-time support in the form of a teaching assistantship. Applicants from across the natural and social sciences are welcome to apply.

College of Earth, Ocean, and Environment
University of Delaware

Graduate Research Fellowship
The University of Delaware and the Delaware Municipal Electric Corporation have established a fellowship in renewable energy research. The focus of the fellowship is wind energy and the storage of intermittent renewables. For questions regarding the fellowship contact Prof. Jeremy Firestone at jf@udel.edu. Also available: Interdisciplinary Graduate Certificate in Wind Power Science, Engineering, and Policy, Marine Policy (MP), Physical Ocean Science and Engineering (POSE), Oceanography, Geography or Geological Sciences.

Master's Degree in Environmental Health Sciences
Master of Science (M.S.) and Master of Public Health (M.P.H.).
Columbia University School of Public Health
Master of Public Administration in Environmental Science and Policy

The Earth Institute at Columbia University
This program has a one-year structure.
M.S. in Sustainability Science
The Earth Institute at Columbia University

M.A. in Environmental Philosophy or M.S. Environmental Science
University of Montana, Missoula

M.S. in Environmental Biology
Regis University in Denver, CO

Conservation Leadership through Learning (CLTL) program
Through Colorado State University (CSU), the CLTL program is an 18-month innovative Master's degree which prepares leaders to address conservation issues around the globe.

M.A.S. in Marine Biodiversity and Conservation
UC San Diego
Scripps Institution of Oceanography
This 12-month intensive master's of advanced studies program is geared toward early- to mid-career professionals interested in marine conservation careers.

School of Environment and Natural Resources
Ohio State University
Research positions available for MS and PhD applicants to begin studies during the 2019-2020 academic year. Topic areas and projects described here. - NEW
Voinovich School of Leadership and Public Affairs
M.S. in Environmental Studies

M.A. or Ph.D. in Ecology, Spirituality, and Religion
California Institute of Integral Studies

M.A. in Food Studies
Chatham University, Pittsburgh, PA
Falk School of Sustainability and Environment
Eden Hall Campus, Chatham University, Pittsburgh, PA

Master of Sustainable Energy
The University of Queensland, Australia

Environmental Management and Sustainability
St. Edward's University, Austin, TX

Ecology, Evolution, Ecosystems Society

Dartmouth College, New Hampshire
EEES feature two overlapping tracks of scholarship and training. Both tracks contain a core of ecology and ecosystem science, with one track in Ecology and Evolutionary Biology (EEB) and the other in Sustainability, Ecosystems and Environment (SEE) with an added dimension of environmental social science.

The Sustainability and Education Policy Network (SEPN)
University of Saskatchewan, Canada
School of Environment and Sustainability (SENS)
University of Saskatchewan, Canada
Master of Water Security
Master of Sustainable Environmental Management
Master of Environment and Sustainability and Ph.D. in Environment & Sustainability

The Smithsonian-Mason School of Conservation
George Mason University

Engineering, Science Technology, Entrepreneurship Excellence Master's (ESTEEM) Program
Notre Dame, Indiana
EnFocus
EnFocus is an ESTEEM (Notre Dame Master's Program) spinoff that recruits recent college graduates to accept one-year paid Fellowship positions that work with South Bend community development initiative or work on kick-starting their own entrepreneurial endeavors.

College of Agricultural, Consumer and Environmental Sciences
University of Illinois at Urbana Champaign
EFP alum Laura Crawford attended this grad program. If you would like to connect with Laura please email envfellows@depauw.edu for more information.

Department of Urban + Regional Planning
University of Illinois at Urbana Champaign
EFP alum Oksana Polhuy attended this grad program. If you would like to connect with Oksana please email envfellows@depauw.edu for more information.

Master's in Energy Science, Technology, and Policy
Ph.D. in Public Policy and Management
Carnegie Mellon University – Heinz College
EFP alum Sally Qiu attended the Heinz College grad program. If you would like to connect with Sally please email envfellows@depauw.edu for more information.

Global Environmental Politics
American University's School of International Service

SIS offers both a professional Master's degree in Global Environmental Policy (GEP) and a unique dual-degree program in Natural Resources and Sustainable Development (NRSD).

M.A. in Disaster Studies, Master of Public Affairs (M.P.A.), and M.S. in Ocean, Coastal, and Earth Sciences
The University of Texas Rio Grande Valley

Environmental Studies M.B.A. or Ph.D.
Antioch University New England
Environmental Studies M.S.
International Service Program
Master's students in the Environmental Studies Department can combine their graduate studies with Peace Corps Service and earn 9 credits tuition free. For more information about this program contact jrhoades@antioch.edu.

Master of Environmental Science & Management, Ph.D. in Environmental Science & Management, and Ph.D. in Politics of the Environment
Bren School of Environmental Science & Management
University of California, Santa Barbara

Master's in Global Sustainability and Master in Environmental Management Programs
Western Colorado University

M.S. or Ph.D. in Sustainability
University of South Dakota

M.S. Sustainable Engineering
University of Pittsburgh

M.S. Sustainability Science
Ph.D. Environmental Management
Water Resource Management Certificate Program
PSEG Institute for Sustainability Studies
Montclair State University

M.A. Sustainability Studies
M.A. or M.S. Urban Ecology
Hofstra University

The Smithsonian-Mason School of Conservation
George Mason University

Master's of the Environment

University of Colorado Boulder
MENV students have the choice to specialize in Policy and Management, Planning and Community Engagement, or Renewable and Sustainable Energy. All applicants who apply by the priority deadline will automatically be considered for scholarships of up to $10,000.

Professional Science Master's in Environmental Management and Sustainability
St. Edward's University, Austin, TX

Water Sustainability Graduate Program
University of Iowa – UI Department of Civil and Environmental Engineering and IIHR-Hydroscience & Engineering

School of Freshwater Sciences
UW-Milwaukee
Offers 3 graduate degree programs: Professional Science Master's degree, thesis track Master's degree, and Doctoral degree

M.A. Ed. in Urban Environmental Education
Islandwood in partnership with Antioch University – Bainbridge Island, WA
Prepares educational leaders to understand how and why cities work the way they do and to build community capacity to create thriving, sustainable urban environments.

M.S. or M.A. in Sustainable Communities
Binghamton University, New York

Master's in Education for Environment & Community
Bainbridge Island, WA
Experiential learning at the graduate level: Pursue your Master's degree while living on an island in Puget Sound and teaching diverse groups of students about natural systems and communities.

M.S. in Environmental Science & Policy
Plymouth State University - Plymouth, NH

M.Sc. and D.Phil in Sustainable Urban Development
University of Oxford

Ph.D. Research Degree Opportunities with the Lancaster Environment Centre
Lancaster University
A few current examples:
- The impact of urban noise on bird song and communication
- What are the conservation and livelihood impacts of wildlife farming?

M.A. in Environmental Studies
University of Illinois at Springfield

Online Master's in Sustainable and Resilient Food Systems
Ed.D. in Educational Sustainability
University of Wisconsin - Stevens Point

M.B.A Sustainable Business Practices
Duquesne University

M.A. in Environmental Policy
Pace University

Erasmus Mundus Masters Course in Environmental Sciences, Policy and Management
The MESPOM Consortium – Central European University (Hungary), Lund University (Sweden), the University of Manchester (UK), the University of the Aegean (Greece), the Monterey Institute for International Studies (USA), and the University of Saskatchewan (Canada)

Ph.D. in Technology, Policy & Innovation
Department of Technology & Society -Stony Brook University

M.S. in Sustainability & Ph.D. in Sustainability Science
United Nations University Institute for the Advanced Study of Sustainability

Ph.D. in Environmental Policy, Regulation & Governance
Yale University School of Forestry & Environmental Studies

Master's in Nature-Culture-Sustainability Studies
Rhode Island School of Design

SCHOLARSHIPS & FUNDING

Austen Weeks Undergraduate Grant for Geoscience

Fulbright Scholarship
The Fulbright US Student Program supports students wanting to teach English, conduct research or pursue graduate study abroad. It is a competitive award and is open to seniors and alumni. Questions about the Fulbright can be directed to jfuller@depauw.edu.

DePauw Asher Fund in the Social Sciences

Summer Internship Grant Program – Hubbard Center
The application process opens in the spring semester.

David and Jane Stone First-Year Leadership Program

Jane and David Stone Civic Leadership Award
This $500 award will be given to two graduating seniors for their outstanding commitment to community service and civic engagement over the course of their four years at DePauw.

Bard College LIASE Scholarship
The LIASE Scholarships (Luce Initiative for Asian Studies and the Environment) provide a tuition waiver for students attending graduate school of up to 100% in the first year, and at least 50% of tuition in the second year. LIASE Scholarship applicants must be citizens of one of China, Japan or South Korea, and must have a demonstrated interest in environmental policy in their region.

Copper Club Scholarships and Awards - APPLY NOW
Deadline: March 1, 2019
Scholarship for students majoring in geology or other fields related to the production of copper. If you meet the qualifications for this scholarship and you would like to be considered for it, please send one of the geo-profs a note with a brief summary of your qualifications.

DePauw Pamela (Lorman) and Ben Peternell Endowed Environmental Scholarship
APPLY NOW!
Deadline: February 22, 2019
Available to current DePauw sophomore students with curricular and/or career interests in the environment and sustainability. This scholarship application will be open for submission on February 1, 2019.

Udall Scholarship
Deadline: March 7, 2019
The Udall Foundation awards scholarships to college sophomores and juniors for leadership, public service, and commitment to issues related to American Indian nations or to the environment.

Charles Holt Scholarship
Indiana Wildlife Federation (IWF) Endowment
The IWF Endowment awards an annual scholarship in the amount of $1000 to a student studying in a field related to natural resource conservation or environmental education. Applicants must be Indiana residents.

Institute for International Education: Gilman Scholarship and IIE Passport

National Hydropower Association (NHA) Past Presidents' Legacy Scholarship
Students who are currently enrolled as college sophomores or juniors are eligible for the $2,500 scholarship that goes to a person who demonstrates the academic skills and commitment to help create the next generation of leaders in the hydropower industry.

The Indiana Association of Environmental Professionals
INAEP offers scholarships to students who are pursuing a degree in environmental science or a related degree (such as biology). Offered to sophomore undergraduates or above or those pursuing their Master's degree. If you would like to be on the INAEP scholarship e-mail distribution list or have any questions, please send an email to inaepinaep@gmail.com. Apply here.

National Science Foundation Robert Noyce Scholarship Program
Indiana University
The program is open to students who have an undergraduate degree in a science area such as Biology, Chemistry, Environmental Science, Geology, Physics and Engineering. Recipients are provided a $7500.00 stipend per semester and students can finish their program to be recommended for middle/secondary school licensure in as short as three semesters (one calendar year)

Shell Incentive Fund Scholarship
Shell Oil Company is offering its annual scholarship for students who are pursuing undergraduate degrees in a specific technical field of study at certain colleges.

CALL FOR PAPERS/PROPOSALS/ART

Whole Terrain
Antioch University New England's nationally acclaimed journal of reflective environmental practice.

EVENTS

DOPE 2019 CFP: Political Ecologies of the Food-Water-Energy Nexus - NEW
9th Annual Dimensions of Political Ecology Conference
University of Kentucky - Lexington, KY
February 21-23, 2019

Sustainability Leadership Training - ON-LINE - NEW
"Gain the Skills to Change the Future"
Bard College, New York
March 2, 2019

Apply here.

CFP American Association of Geographers (AAG) Conference 2019: Theorizing the Just City in the Era of Climate Change
Washington D.C.
April 3-7, 2019

People of the Global Majority in the Outdoors, Nature, and Environment (PGM One) Summit
Philadelphia, PA
May 8-10, 2019
PGM One convenes emerging and established professional of the global majority who work in the environmental and outdoor movement to share, learn, collaborate, heal, celebrate, build community, find support, and sharpen their analysis of racial equity in their field.

2nd International Conference on Energy Research and Social Science
Arizona State University, Tempe, AZ
May 28-3, 2019

AASHE Conference and Expo "Co-Creating a Sustainable Economy"
Spokane, WA
October 27-30, 2019
Submit a proposal here. See link for deadlines.

FYI

Permaculture Design Certification Course
Offered by Sowing Solutions at Snow Farm, New England's Craft Program in Western Massachusetts.

Environmental Communication Course
International Environmental Communication Association (IECA)
This online course is usually offered twice a year and provides an introduction to key aspects of environmental communication and guidance on good practices. Grad students have received credit for the course.

Graduate/Professional Training
Smithsonian-Mason School of Conservation
Front Royal, VA
Residential training courses that offer continuing education credits or graduate credit for some.
Click here for more information.

Free Guidebook to Public Service Careers

Maintained by Fire Science Online.

Mongabay
Mongabay is a non-profit provider of conservation and environmental science news.
DePauw alum Wallace “J” Nichols is on the new Mongabay Newscast to discuss his bestselling book titled “Blue Mind” about the importance of water in our lives.

Exploring Ecological Careers
ESA journal, Frontiers in the Ecology and the Environment, has been running a monthly article series. The series is posted at the link above and free to read.

You can access archived Environmental & Sustainability Opportunities Bulletins on the DePauw - EFP website by clicking here.
Please email envfellows@depauw.edu for more information or to be removed from this mailing list.
