

Hi!

I hope that all of you are having a really great summer! My name is Stacey Wagner and I am going to be your first-year mentor next year. I am so excited to get the chance to meet all of you soon😊

I am a senior psychology major/ political science minor here at DePauw University. I am the president of Mortar Board (national senior honor society) and Psi Chi (the national honor society for Psychology), as well as holding the position of the Philanthropy Chair for my sorority. This is my second year as a mentor and I am really looking forward to meeting this great new group of people!

Your mentor group will consist of the group of first-year students who are enrolled in your first-year seminar. During orientation, we get to know each other and take a closer look at DePauw and what the university has to offer that might fit with your own personal specific interests. Throughout the year we have meetings and hang out to talk about various issues relating to college, DePauw, and just in general. The mentor group is a great base to have, especially if you are leaving most of your close friends from high school.

On a personal note, my favorite thing about being a mentor last year was the friendships I had the chance to form with the mentees in my group. I will always be a resource if you need anything, and if I can't help in any situation, I will do my best to find someone that can. I am so excited to meet all of you and hopefully help make your first year here at this wonderful university the best that it can possibly be!

Have a great rest of summer!

Stacey Wagner
