PREPAID TUITION PLAN HIGHLIGHTS

From one to eight semesters of DePauw tuition may be prepaid at the tuition rate in effect for the academic year. The *full* tuition rate must be paid for each prepaid semester; scholarships, loans, or grants will then be applied to other costs such as room, board, and fees. Prepayment of tuition is due by the first day of September each calendar year.

If, for any reason, the student should leave or transfer at the end of a semester but before the prepaid tuition period has expired, the balance of the prepaid tuition would be refunded. If the student should leave in the middle of the semester, the normal refund rules would apply for that semester, and the prepaid refund rules would apply for the remaining semesters.

The Prepaid Tuition Plan assumes the student is taking a full course load, 2.5 through 4.5 courses per semester, and covers normal tuition charges. Any extra fees, such as applied music fees, additional course credit fees, and student teaching fees, are not covered under this payment plan. These fees are assessed at the current semester rate.

Any scholarships that a student is awarded during the prepaid tuition period would be credited to the student’s account and either applied to other costs such as room and board or refunded to the extent the scholarships exceeded such other costs. Refunds of any excess funds may be requested each semester at the close of the course adjustment period (usually 10 days after classes begin) by contacting the Cash Receipts Office.
