

Student Opinion of experience-based courses and non-class teaching activities for Faculty Personnel Policy and Review Committee

(debate, theatre, newspaper, music ensembles, etc.)

Please note that this sheet has two sides.

Directions: You are being asked to provide your opinion of a student activity sponsored and guided by a faculty member. For each of the following items, please comment on the effectiveness with which the faculty member directed the activity you participated in. (Some questions may not apply to your particular activity.)

This evaluation is used for two purposes. First, it is used by the faculty member to help improve this course and other teaching. Second, it is used in personnel decisions. The university takes your opinion seriously; we appreciate the seriousness of your response. The instructor should have made no prior comment about the evaluations and will not be given these evaluations until after final grades have been submitted.
