### B22. Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduates in Fall 2022 (or the preceding summer term).

The initial cohort may be adjusted for students who departed for the following reasons:

\*☐ Death

\*☐ Permanent Disability

- \*Service in the armed forces
- \*Foreign aid service of the federal government
- \*Official church missions
- \*No other adjustments to the initial cohort should be made.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who  
as first-year students in Fall 2022 (or the preceding summer term), what percentage was enrolled at y  
date your institution calculates its official enrollment in Fall 2023.

Total students retained = students from the Fall 2022 cohort who are still enrolled as of Fall 2023 + st  
Fall 2022 cohort who completed their bachelor's program as of Fall 2023

(Students from the Fall 2022 cohort still enrolled as of Fall 2023 + Students from Fall 2022 cohort whc  
bachelor's program as of Fall 2023)/(Adjusted Fall 2022 cohort) \*100

Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bac  
equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a  
satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is  
degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting
