Dear Classmates:

Remember the fall of 1983? Many of us are currently sending (or have sent) our own kids off to college, but do you remember what you were doing back in the fall of 1983? Adjusting to life away from home, hanging out at the Hub, studying late at Roy O West or hunting down a late night GCB/burrito, trying to find your crush in the “freshman meetbook”, making new friends ...

Reconnect with those “new” (now old!) friends, revisit old haunts, check out new ones and join us to celebrate our 30th Reunion during **Alumni Reunion Weekend June 9-11, 2017**. Mark your calendar now for a weekend of fun, food and ... as always for our class ... laughter ... lots of laughter.

If you haven't visited campus recently, you'll be surprised by many changes. Anderson Street now serves as the official entrance to DePauw, offering a picturesque journey to East College. The Hub has been redesigned and will soon be replaced by the new Hoover Hall dining facility. Located near Blackstock stadium, Reavis Stadium is a championship-quality venue for soccer, lacrosse, field hockey and IMs.

Of course, much remains of the campus that you will remember. The Julian Center, formerly known the S & M, provides state-of-the-art lab space and technology. The PAC, now the Green Center for Performing Arts, rocks with expanded programming including outreach into the Greencastle community. East College remains the centerpiece of the campus where you will still find an owl, a rock and hear a bell while walking through.

A successful reunion is marked by one key element – the number of people attending. So whether you want to track down a long lost friend, check out your old living unit or simply need an excuse to spend some quality time with your best friends, our 30th reunion next June is a perfect opportunity. We are encouraging living unit/group reps to contact everyone. If you're a member of Facebook, join our group by searching for **DePauw University Class of 1987** and invite classmates to join. If you'd like to volunteer for the planning committee or have suggestions, please contact us at the email addresses below.

We are counting on everyone coming, and we look forward to seeing you on campus for our **30th reunion: June 9-11, 2017!**

Best regards,
