
DEPAUW CLASS OF 1964

Reconnecting after our Fiftieth; Celebrating our Fifty-fifth!

Phil Hauck, Editor

Reunion Newsletter

Spring 2019

Welcome from your committee co-chairs!

On behalf of the committee, we are looking forward to this year's Reunion, taking place June 6 - 9, 2019. But for those planning to arrive early (Thursday), we're meeting for dinner at Almost Home, the wonderful eatery on the Greencastle Square. Add this to your calendar **NOW!**

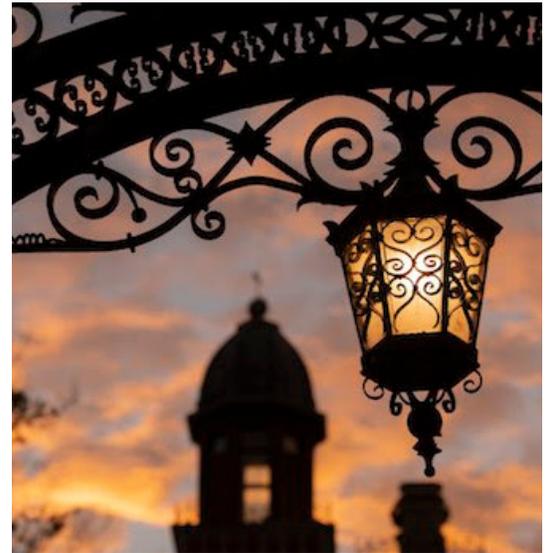

Our Fiftieth was very special, and we want the 55th to be equally fun and fulfilling in reconnecting with classmates, seeing the enhancements to campus, learning from faculty presentations, and hearing about next steps for DePauw. We are approaching uncertain times for liberal arts colleges and our support is needed so the education that enriched our lives can continue for the years to come.

The Committee is putting in elements we and you will appreciate based on the 50th experience. Classmates and living unit representatives are (or will be!) in contact to urge you to attend. There are special opportunities for you to spend time with each other and broader ones to join with others in learning.

See you in June!

Class Reunion Co-Chairs

Maxine May Hubbard, Des Plaines, IL (maxhub@aol.com)
Mark E. English, Naples, FL (mee3eaa@aol.com)

Introducing the Class of 1964 Steering Committee and Living Unit Representatives:

Registration is OPEN!

You can register ONLINE, by PHONE, or by sending in your REGISTRATION INFORMATION mailed to you.

For questions, please call The Office of Alumni Engagement at 877-658-2586

Did you know?

Shuttles will be available to transport alumni around campus to events (on-campus and those on the Greencastle Square). Designated shuttle stops will be located throughout the area and shuttles will be making continuous loops.

Golf carts driven by reunion volunteers will also be around campus to transport you from one place to another!

Lifelong Learning: Alumni College Presentations

During the weekend, there will be various Alumni College Presentations facilitated by the exceptionally talented DePauw faculty, which will allow alumni like us to continue our learning fifty-five years after we left the classroom.

Our committee shared feedback about presentations that we felt captured the lifelong learning of alumni across generations, and are excited about what is coming together.

Mike Boyles, Director of the Tenzer Technology Center, will be giving one such talk on Saturday, June 8, 2019 from 1:30 - 2:30 p.m. titled "Increasing Technology Literacy at DePauw."

Look for more details on the Alumni Reunion Weekend schedule for this presentation and many more!

Hoover Dining Hall, located near Hanna Street and College Avenue.

The Class of 1964 is working on the final details for our class dinner to take place there for our 55th reunion celebration on Saturday evening.

Continuing our legacy & examining our stewardship

This is a pivotal time for our class as we are now mostly retired and enjoying our lives and our families like never before. For some of us, this especially includes our grandchildren. Oh sure, some of us are compromised health wise, **but still we seek joy each day.**

It is interesting to note that Butler had a major fund raising appeal last week and raised \$311,183.00 from 1173 alumni contributors. The average gift is just over \$251.00. **Our class is only a little over \$100,000.00 away from a class gift of \$200,000.** It won't take much to pass the \$200,000.00 marker which is just under 2/3's of what the entire Butler Nation was able to muster over 3 days. And we have some very exciting news that we will share later that will be a motivation for each of us to examine our stewardship to DePauw at this time.
