G-CAPE - German Placement Test Scores Rev 5/17/23

Compare the computer placement test score you have received with the courses listed below. This will indicate which German course should be taken. If you receive a score just below the one required for the next higher level, we will allow you to choose to move up one level. However, you may not register for a course that is below the one corresponding to your placement test score.

Important:
- Students at DePauw are required to complete two language courses (in the same language), regardless of placement. The guide below indicates your "starting point" for GRMN courses.
- Students whose first language is not English may be certified as meeting this requirement through the Office of the Registrar, and in consultation with the director of English for Academic Purposes.

SCORE	PLACEMENT	POSSIBLE ADDITIONAL CREDIT (less any AP credit already given)

Students placing at the following levels who then take the German course recommended, and earn a C or better, can receive additional (retroactive) credit as shown:

SCORE	PLACEMENT	POSSIBLE ADDITIONAL CREDIT
560+	**GRMN 300-level***	2 credits (representing 212)

See Prof. Aures or Prof. Pollack-Milgate for which course would be the most appropriate. If German is the language you normally speak at home, you may NOT register for certain German courses.

450-559	**GRMN 212**	1 credit (representing 211)
350-449	**GRMN 211**	(none)
0-349	**GRMN 113 (fall), GRMN 112 (spring)**	

0-249	**GRMN 111** if you have not taken *more than **two** years* of German in high school (grades 9-12).
