Chase Health Savings Account Qualified Medical Expenses

Funds in your HSA can be withdrawn tax-free to pay for qualified medical expenses

The following two lists give you a general overview of qualified and non-qualified expenses. Notice that your Chase HSA can be used for all kinds of medical expenses your health plan may not cover: dentistry, eyeglasses, psychotherapy, and even health-related home improvements among others. HSA funds may even be used for eligible expenses for your spouse or tax dependents.

These lists are not all-inclusive, and are subject to change by the IRS. **Important:** Any HSA funds used for non-qualified expenses will be taxable. These distributions will also be subject to a 20% IRS penalty if you are under the age of 65, unless they are made after death or disability. Consult your tax advisor if you are in doubt about a particular expense.
