The Panhellenic Association is the unifying, governing and coordinating organization of the women's fraternities within DePauw's community associated with the National Panhellenic Conference.

The Panhellenic Association provides a communication link between sororities, campus organizations and community leaders. Our programming seeks to encourage personal and chapter enrichment in many different areas such as philanthropy, scholarship, women's issues, and overall Greek unity. In addition to all of these opportunities, Panhellenic Association organizes the Panhellenic Formal Recruitment process, which is the membership selection process for Panhellenic organizations.

If you are interested in joining a Panhellenic organization, we encourage you to attend events such as: Rho Gamma meetings, Panhellenic Open House and Recruitment 101. Additional questions about the Panhellenic recruitment process can be directed to the Campus Living and Community Development office by e-mailing glc@depauw.edu or by e-mailing panhellenic@depauw.edu.

Recruitment Information

Formal Recruitment for the Panhellenic Council will take place on January 26th, 27th, & 28th 2018. The full formal recruitment schedule for Spring 2018 will be posted in early October 2017. If you have any questions about recruitment, please feel free to e-mail dpurecruitment@gmail.com.
How do I join?

The Panhellenic Council, women’s fraternities, hosts a formal recruitment process taking place prior to the start of the Spring Term (January). Both Panhellenic and IFC organizations coordinate their individual processes, where each fraternity/sorority hosts events that allow potential members the opportunity to get to know the active members and determine which organization is the best fit for them. If you would like more information about the Panhellenic Council Recruitment process, refer to the Panhellenic Council webpage or e-mail panhellenic@depauw.edu.

Can I attend events?

Access by non-members to the privately-owned chapter houses is determined by each chapter. In the case of First-Year students, access policies have been set by the Panhellenic Council for its six chapters. For specific information regarding the First-Year Greek Property for this academic year, visit each council webpage. Students can attend events that are open at Panhellenic chapters these include philanthropic events and council sponsored events.
