

DePauw University Student Opinion Survey

Dear DePauw Student,

Thank you for taking the time to fill out this survey thoughtfully. We do these surveys for three reasons:

- to give your professors feedback, so they can make improvements;
- to help faculty members evaluate each other, for tenure and promotion;
- to provide students with a voice in the education DePauw provides.

As with anything you write, your responses will be most helpful, and will carry most weight, if you can be clear, be specific, and give examples to explain your views.

We are interested in what you learned, and how the course content, teaching methods, pacing, feedback, professor's availability outside of class, and so forth, contributed to your learning. (Comments about the professor's personality, appearance, or ethnic or sexual identity, do not help us understand that, and will be disregarded.) The more objective and fair-minded you can be, the more your voice will carry.

These surveys are entirely anonymous, and the professor will not see the responses until after final grades have been turned in.

Thank you,
Faculty Personnel Policy and Review Committee
