

## **DEPAUW STUDENT GOVERNMENT**

*A resolution requesting a solution to laundry facilities problems that students face currently*

***Resolution No. 6***

**WHEREAS,** DePauw University respects equality in all aspects of life. Several of the non-Greek housing units have no laundry facilities.

**WHEREAS,** The students living in these houses currently use the washers and dryers in Reese Hall. This situation would not be a problem but the condition of the washers and dryers that they are allowed to use is rarely good, if they work at all. This problem must be addressed.

**WHEREAS,** For the students that have to do their laundry in Reese Hall, but live on the other side of campus, the current situation is unfair and untimely. Especially for students without cars on campus because they must carry their clothing to and from their living units.

**THEREFORE BE IT RESOLVED,** We are asking that facilities management monitor those washers and dryers more closely so that these students are not further inconvenienced. We also request that in the future, if possible, all DePauw living units have their own laundry facilities. If this solution is not possible, we request that students living in housing without a washer and dryer have access to laundry facilities within a reasonable distance (within a quarter mile) from their living unit.

Thank you for understanding our concern.
