S-CAPE - Spanish Placement Test Scores Rev. 5/9/19

Compare the computer placement test score you have received with the courses listed below. This will indicate which Spanish course should be taken. Since no test is perfect, if the score received is just below the one required for the next higher level, the Modern Languages Department will generally permit students to move up one level. But students will **not** be permitted to register for a course below the one corresponding to their placement test score.

Important:

- Students at DePauw are required to complete two language courses (in the same language), regardless of placement. The guide below indicates your “starting point” for SPAN courses at DePauw.
- Students whose first language is not English may be certified as meeting this requirement through the Office of the Registrar, and in consultation with the director of English for Academic Purposes.

Students who place into the 200- or 300-level of SPAN courses and who then take the SPAN course recommended and earn a C or better receive additional (retroactive) credits as shown, does not count toward the language requirement:

<u>SCORE</u>	<u>PLACEMENT</u>	<u>POSSIBLE ADDITIONAL CREDIT</u> (less any AP credit already given)
475+	SPAN 330*/SPAN 332/SPAN333	2 credits (representing 231, 232)
375-474	SPAN 232	1 credit (representing 231)
275-374	SPAN 231	(none)
175-274	SPAN 140	(none)
0-174	SPAN 131**	(none)

**If Spanish is the language you normally speak at home, you may NOT register for SPAN 330. You MUST take SPAN 333 (or SPAN 332).*

****NOTE:** SPAN 131 not open to students with more than two years of Spanish in high school (grades 9-12). These students must take SPAN 140 (Review of Elementary Spanish), regardless of the score received.
