SCIENCE RESEARCH FELLOWS

2021-2022 Science Research Fellows Program Graduates

Mishal Ali	Sophia Atkinson	Christina Bourantas
Andrew Button	Zoe Cappel	Ziyi Chen
Kate Cowger	John Csehill	Madeline Draper
Natalie Husby	Akane Inoue	Emma Kennedy
Alyssa Koch	Autumn McDaniel	Cesar Mendoza
Natalie Michaels	Molly Ruggles	Katherine Stanley
Toria Tucker		

ENVIRONMENTAL FELLOWS

Barbara Kingsolver Award

Given to the graduating Environmental Fellow who most exemplifies the ideals and mission of the Environmental Fellows Program and who has exhibited these through a record of academic achievement, service and impact on the program and the University, and promise of achievement.

Erika Marchant

2021-2022 Environmental Fellows Program Graduates

Lannea Allen	Sarah Bird	Samantha Eastridge
Sophia Featherstone	Emily Kaiser	Erika Marchant
Kelby Stallings	Linying Zhan	

NATIONALLY COMPETITIVE FELLOWSHIPS AND AWARDS

Fulbright U. S. Student Program Grants

The largest U.S. international exchange program, Fulbright offers opportunities for students, scholars, and professionals to undertake international graduate study, advanced research, university teaching, and teaching in elementary and secondary schools worldwide. Recipients of Fulbright grants are selected on the basis of academic or professional achievement, as well as demonstrated leadership potential in their fields.

Christina Bourantas ('22), Research, Sweden (Semifinalist)

Alexandra Taxter ('22), English Teaching Assistantship, Estonia (Recipient)

National Science Foundation Graduate Research Fellowship

The National Science Foundation Program provides three years of support for outstanding graduate students pursuing research-based master's and doctoral degrees in the fields of science and engineering.

Elizabeth Bell ('22), Life Sciences (Honorable Mention)

Benjamin A. Gilman International Scholarship

The Gilman Scholarship Program aims to diversify the kinds of students who study and intern abroad and the countries and regions where they go by offering awards to U.S. undergraduates.

Angelica Glogowski ('23), Netherlands (Recipient)

*The recipients of other nationally competitive fellowships and awards
will be announced later in the spring.*

FERID MURAD MEDAL

The Ferid Murad Medal recognizes the senior who has had the most significant scholarly and/or artistic achievements during his or her time at DePauw. The award is named after DePauw graduate and Nobel laureate Dr. Ferid Murad, class of 1958. In 1998, Dr. Murad received the Nobel Prize in Medicine for his discovery of the role of nitric oxide in the cardiovascular system, which led to changes in treatment following a heart attack.

Ferid Murad Medal Recipient Nina Katarina Stular

Nina Katarina Štular is an international student and a Vera Scholarship recipient from Slovenia majoring in Philosophy and English Literature. During her first years at DePauw Nina competed in Ethics Bowl on regional and national level and tutored writing in the Academic Resource Centre. She worked as a research assistant to Prof. Reading on a project dedicated to mapping the sources of Old English and Anglo-Latin literary culture that led her to write a paper that she presented at the British Conference of Undergraduate Research. She also assisted Prof. Alvarez in organizing a scholarly conference on Bernard Mandeville and undertook a student-faculty research project under his mentorship that led her to produce the first translation of an 18th century collection of travel letters from English to Slovenian. As a Hillman Intern at Prindle Institute for Ethics, Nina designed and led workshops for local middle and high school children and worked on bringing an exhibit about Anne Frank's life to Greencastle.

In her junior year, Nina represented DePauw as a Visiting Student at Mansfield College of Oxford University where she served as a Visiting Student Officer on the College's government and rowed competitively for Mansfield's college rowing team. During her time at Oxford, she also worked as a student consultant for consulting societies including the prestigious Oxford Strategy Group. She also served as a senior editor of Broad Street Humanities Review, Oxford's undergraduate interdisciplinary humanities journal.

Nina's scholarly work in Philosophy and English Literature has been published in multiple undergraduate journals such as Broad Street Humanities Review, Criterium: A Journal of Literary Criticism, and Process: Journal of Multidisciplinary Undergraduate Scholarship. As a junior she was awarded the Walker Gilmer Prize for the junior or senior most outstanding in literature. She has also received the Best Essays from First Year Seminars Award as well as a Best Delegate Award at a Model UN conference in New York. She is a Presidential Ambassador and was inducted both into the Phi Sigma Tau Philosophy Honor Society and the Phi Beta Kappa national honors society. For her Honor Scholar thesis Nina chose to integrate approaches of philosophy, psychology, and neuroscience to discuss the historical development of the value of freedom of expression, contemporary difficulties in regulating speech, and the worrying state of free expression and free inquiry in Western academia. She was selected as the Nat Hentoff Award for free speech recipient of 2021 for her short essay "A Generation of Violence: How Universities Are Endangering Freedom of Speech."

WALKER CUP

The Walker Cup is awarded each year to the graduating senior who has done the most for DePauw University during his or her college career. The prize was established in 1926 by a gift from Guy Morrison Walker, Class of 1890, a successful businessman and presidential advisor. Traditionally, the Walker Cup recipient speaks at commencement.

Walker Cup Recipient Christina Bourantas

Christina Bourantas, from Wilmington, Delaware, is a double major in Physics and Kinesiology.

As a member of the Varsity Women's Field Hockey team, Christina was elected the team captain during her senior year. She also serves as a team representative for the Student-Athlete Advisory Committee (SAAC) and the Co-President for two years. From her campus SAAC involvement, Christina was elected to serve on the North Coast Athletic Conference SAAC Executive Board as the Secretary and Vice President. Christina interns in the Athletics Department and loves working athletic events and advocating for student-athletes. She is a Presidential Ambassador and holds the position of Chief of Staff on DePauw Student Government. Christina is a member of the Indiana Epsilon chapter of Pi Beta Phi and was the president of the Panhellenic Association. Christina is also the Co-Founder of Orthodox Christian Fellowship and the Vice President of the Society of Physics Students. She was also inducted into Chi Alpha Sigma, Order of Omega, and Sigma Pi Sigma, based on her academic performance. A recipient of the Randal L. Wilson Union Board Award, Christina enjoys student leadership and her involvement on campus. Volunteering and service are important to Christina as she is active in the Greencastle community. She reads on a weekly basis to the students of Ridpath Elementary School and teaches other elementary students the importance of kindness and compassion through athletics.

Christina also serves a STEM Guide for introductory physics courses and finds joy in helping and tutoring students. She is a member of DePauw's Science Research Fellows, where she is passionate about STEM research and has conducted research both on and off campus. On campus, she has conducted research in Astrophysics and on the Varsity Swim and Dive teams with the Department of Kinesiology. For two summers, Christina worked at the Nemours Children's Hospital in Wilmington, Delaware where she conducted research in the Gait and Motion Analysis Laboratory. Here, her interests in biomechanics and clinical research grew.

Christina has been able to present her research at many poster sessions, presentations, and conferences. After graduation, Christina is still awaiting notification to research in Sweden on a Fulbright Scholarship. She hopes to pursue a PhD in Kinesiology and ultimately, teach and mentor students at the university level, while conducting research.
